Gingerbread man template sheet

Cut out the square shape and glue it onto a piece of card (cereal box or a thick cardboard box) and then cut out the gingerbread man.

To make the Gingerbread man you will need approx. 6g of wool and a few pinches of coloured wool to decorate. I used the following:

- approx 6g of carded wool/batting/sliver (I used Corridale carded slivers in Dark fawn and Mouse mixed together) for the body of the Gingerbread man
- a few small pinches of white, dark brown and a three bright colours for the buttons.
- you will also need felting needles, I used a 38g triangle needle x 2
- a felting mat to felt upon to protect your needles and worktop.

Enjoy!

Wool can be purchased from www.thewoollyrabbit.co.uk
